TEDx

SILVER OAK UNIVERSITY

TEDx Silver Oak University was organized on campus grounds of Silver Oak University on 4th of June 2022 with the enchanting theme of Butterfly Effect. Soaring high with their stories of life and on the path of progression the greatest personalities as our worthwhile speakers gave their speeches on wide range of topics. Our proud speakers were Major General Yash Mor sir, Actor Chetan Daiya, Entrepreneur Mr. Amit Pathak, Singer Shruti Pathak, Actor Kinjal Rajpriya, Paranormal Investigators Mr. Sarabjeet Mohanty and Ms. Pooja Vijay, believer of minimalism Mr. Chitrak Shah and RJ Akash Trivedi.

The event was a full day event wherein all the speakers were provided with upmost hospitality. The event began at about 10:00 am. The proud organizer of the event was Mr. Kashish Desai who welcomed the speakers with great honor.

The wide variety of topics included the concept of minimalism and his life journey by Mr. Chitrak Shah, motivation to youth on lessons in unconventional leadership by Major General Yash Mor where he cheered the youth for better development of oneself and society, breaking myths and beliefs about the paranormal world and enlightening people about facts and abilities by Mr. Sarabjeet Mohanty and Ms. Pooja Vijay. Creating a magical aura and letting people travel the world of music by Shruti Pathak and a much more diverse variety of influencing subjects were incorporated by our speakers in their speeches. Amidst the event there was a rocking dance performance by Prof. Parth Bharad and a musical performance too.

The event was an unbelievable and extraordinary experience for all the people who were a part of it because any naturally occurring action in our life is indirectly a catalyst to a major change in the world.

Reframing YOURSELF

Silver Oak University had organized a seminar on 'Reframing yourself', where more than 200 students participated on 10th June 2022. Dr. Shankar Goenka, an author, coach, and TEDx speaker delivered an insightful session. He is an International Advisor at National Skill Development Corporation known as NSDC. He preached how there is a thin line of difference between motivation and inspiration and how it helps in reframing one's identity. Motivation helps one to start something whereas inspiration helps one to convert that into a habit. He believes in understanding rather than merely knowing things. He has set up WOW Factors India Pvt. Ltd. in 2006 to nourish his passion for building and refining Human Capital to help Individuals and organizations to achieve great success. In the presence of honorable President of Silver Oak University - Mr. Shital Agrawal, Dr. Shankar Goenka, Managing Director of WOW Factors, had assured to train entrepreneurs from our university. Along with Dr. Shankar Goenka, one of the other pillars of WOW Factors Ms. Varsha Adhikari, Co-Chairperson of the Research Committee at Gujarat Chamber of Commerce and Industry had addressed the students. This seminar had ignited the students at Silver Oak University and it was the honor of our university to witness ourselves getting reframed.

AARAMBH 2022

Aarambh is starting off the journey of startups initiated by Ignite Incubation Center, Silver Oak University. Ignite invited the newly incubated startups for a welcome ceremony. Incubation Manager Mr. Mrunal Kakkad gave a welcome speech and introduced ignite, after that new incubatees were introduced to various facilities required for startups and the facilities that are available at ignite. The Incubation manager also shared about various government schemes and their benefits. Incubatees shared information about their startups. The session concluded with high tea and networking.

SAVING LIVES!! — A BLOOD DONATION CAMP —

Silver Oak College of Physiotherapy, Silver Oak College of Nursing and NSS jointly organized a blood donation camp with the assistance of the Indian Red Cross Society on 14th June 2022, on the occasion of World Blood Donor Day. It is very proud to announce that we have collected 100+ bottles and successfully conducted the camp with the help of the enthusiastic volunteering of our students and faculties in organizing the event. All of the Silver Oak family came forward and helped in conducting the program with ease.

TIME FOR NATURE

The world environment day is celebrated every year on 5th June to raise global awareness to take positive environmental action to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. Keeping this aim in view, Silver Oak Institute of Science, SOU celebrated World Environment Day on 6th June, 2021. Students from various departments participated and celebrated world environmental day enthusiastically. The Department of Science had arranged a seminar on "Living Sustainably in Harmony with Environment" under the theme "Only One Earth". The faculty members and students came together to pledge towards building a greener planet. The event was conducted successfully with wholehearted participation and awareness about environment and climate change.

KNOWING IS GAINING

AN IPR AWARENESS SESSION

The IPR Awareness Program was organized by Ignite on 9th June, 2022. The students and professors of the university participated in the event. Mr. Arpit Jain, the examiner of patent and designs patent office, Mumbai was invited as a speaker. The students and professors were curious to know about it.

Mr. Arpit Jain delivered a speech about Intellectual Property Rights(IPR) allowing creators, or owners of patents, trademarks or copyright works to benefit from their own work or investment in a creation. He delivered in-depth knowledge about patents, designs, trademarks, geographical-indications, copyrights, semiconductor, integrated circuits, layout designs, protection of plant varieties and farmers' rights (Ministry of Agriculture and Farmers Welfare). He further explained how to apply for the IPR patents and how long one can protect their rights. He also said once a design patent is obtained it will last 10 years, after which it will have to be renewed. He also briefed about literary films, dramatic, musical, artistic, sound recording in copyright.

Team Ignite greeted him with memento and a certificate of appreciation for the successful IPR awareness event. Students and faculty members had great learning experiences.

Revive YOUR SOUL

INTERNATIONAL YOGA DAY CELEBRATION

"A Healthy mind in the healthy body" is the aim of those who believe that yoga is not religion but the way of living. Yoga helps to balance men's mental, physical and spiritual being. In pursuit of physical and spiritual well being, 175 SDSW Cdts of 2 Guj Air Sqn NCC, NCC Dte Guj celebrated 8th International Day of Yoga on 21 June, 2022 at the Iconic Kankaria Lake, Ahmedabad. The NCC troop of Silver Oak University had actively participated in the International Yoga Day Celebration. The NCC team of SOU had taken out a few minutes to de-stress and reconnect with one's inner piece.

At Silver Oak University also, we celebrated International Yoga Day with great zeal and enthusiasm. With the theme of "Yoga for Humanity", all the faculty members indulged into a peaceful yoga session at our CV Raman Hall.

MALAWIAN DELEGATES at silver oak university

It was our honor to host his Excellency Mr. Leonard Mengezi - Malawi's High Commissioner- Designate to India. He was accompanied by his wife Mrs. Agnes Mengezi and other delegates Mr. Dalitso Chipuwa - second secretary and Ms. Donata Chitsonaga - First Secretary Trade. The purpose of the meet up was to discuss the collaboration between the Silver Oak University and the Malawian Embassy, New Delhi. For the campus visit, Dr. Saurin Shah - Vice Chancellor, Silver Oak University along with Mr. Irshad Armani - the Head International Admissions and Relations, SOU and Prof. Mit Shah - Registrar, SOU accompanied them to the Royal Enfield Centre of Excellence where they had a look at the training center and then after that they inaugurated the Hero Training Center following which they visited various colleges and departments of Silver Oak University. His Excellency was utterly impressed by the warm welcome and all the facilities that we offer to our students for quality education. And he was convinced that the Silver Oak University is ready to welcome the Malawian students. According to his commitment Silver Oak University will be receiving a large number of students from Malawi. An MOU has been duly signed between the Silver Oak University and Republic of Malawian Embassy.

Training and Internships @ Royal Enfield Center of Excellence

Royal Enfield Center of Excellence has recently conducted 5-day Training + 15 Day Summer Internship for students of Silver Oak University and many other colleges like GH Patel College of Engineering and Technology - Anand, CHARUSAT University - Changa, LD College of Engineering - Ahmedabad, LJ Institute of Engineering and Technology - Ahmedabad, Parul University - Limda, BVM - Anand, NIT - Surat, and GEC - Modasa.

CELEBRITIES @ SOU

Silver Oak University believes in 360° development of its students and in order to build their cultural aspect where not only do they get to meet the esteemed celebrities but also boost their self confidence during interaction with them. The kind of exposure they receive during such events is what helps them achieve excellence in both academia and cultural activities. For the same, Silver Oak University regularly welcomes celebrities. In the month of June 2022, Prapti Ajwalia and the starcast of a Gujarati film LOVE U PAPA and Nushrat Barruccha and the starcast of a Bollywood film JANHIT MEIN JAARI visited and interacted with the students. Here are the glimpses of the same.

SET YOUR GET YOUR DREAMS

On 29th June, 2022 was a day to be resourceful as Dr. Debanik Roy, an eminent scientist of Bhabha Atomic Research Centre, Mumbai and Mr. Vinod Atpadkar, Chief Executive Officer at SVR infotech visited Silver Oak University and had delivered their valuables on robotics to the Team Spider (Gujcost Funded Project). Silver Oak University, appreciates the information and advice that they have shared.

Google Developer Groups @ Ignite

Google Developer Groups organized an event for different announcements and development of Programming languages at IGNITE on the 4th June, 2022. There was an announcement of the launching of Android 13, in that version, some new features will be there so that users can get a new experience with benefits. An announcement about framework flutter 3 was also made which also has some new features like flutter firebase, flutter games toolkits, mobile updates and web updates etc. Information about new features in JavaScript and revolution in web development was provided too. Overall it was a great opportunity for android and web developers to learn and get useful information about the newly launched technologies.

INDUSTRY

ACADEMIA MEET

Partnerships between industry and academia are essential for promoting research and development to construct a competent workforce. On this view, an Industry-Academia Meet was jointly organized by Silver Oak Institute of Science and Training and Placement Cell on 11th June, 2022 in which industrialists from around 20 premier companies were invited. This interface was designed to satisfy both academic objectives and industry demands. The main focus of the meet was to understand the demands and needs of industry. The event observed the presence of Dr. Saurin Shah, Prof. Jaimin Dave, Head of T & P Department Mr. Nipen Shukla, HODs and faculty members of Chemical Engineering Department and all TPO team members. Students found it helpful to participate in the internship programme. Moreover, faculty members of respective departments collaborated with industrialists to further their research, increase the student experience, and interact with the community. The industrial training and exposure provided to students through this association will prove as a catalyst in their career.

TRAINING & PLACEMENT ACTIVITIES

TRAINING HIGHLIGHTS

A resume writing session was conducted by Mr. Rahul Sharma, Ms. Tejal Mahwadhiya and Ms. Pallavi Akhare for the students of BCA semester 5 on 14th and 21st June 2022 wherein a total of 92 students attended and were benefited out of it. An internship awareness was also conducted where the topics of CSS, JAVA and HTML were covered in sessions.

PLACEMENT HIGHLIGHTS

The Training and Placement Cell of the Silver Oak University tries to raise every bar to help students get the right job. In the month of June 2022, a total of 76 companies were invited for campus placement. Some of the esteemed recruiters were Amnel Pharmaceuticals, Marut Air Systems Pvt. Ltd., Sudarhan Technologies Pvt. Ltd. and Recruit Kings. The highest package offered to the students was 3 LPA that was offered by Marut Air Systems Pvt. Ltd. 6 students got placed from the 2021 batch and 19 students got selected from the 2022 batch.

ADROIT FACULTY!!

Dr. Sreenath Nair

With Success comes hard work and earning a doctorate degree is indeed the years of toil, depletion, self- distrust and perseverance that adumbrate in the Ph.D. Mr. Sreenath Nair, Assistant Professor faculty in the general department of Physics at Aditya Silver Oak Institute of Technology earned his doctorate on 9th June, 2022 from Gujarat University. On his outstanding feat Silver Oak University congratulates him.

Keval Bhavsar

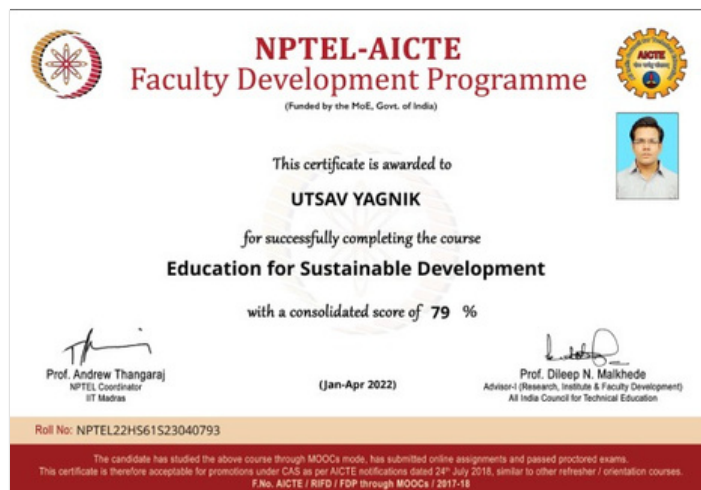

Silver Oak University congratulates Mr. Keval Bhavsar (JRF) and Mr. Dhruvin Patel (8th Semester Student) of the Department of Mechanical Engineering, Aditya Silver Oak Institute of Technology jointly presented papers in the field of Robotics, Additive Manufacturing and Optimization at 4th International Conference on Smart and Sustainable Developments in Engineering and Technology (PICET-2022) organized by Parul University. They have presented papers on the titles "Advancement and Application of Theo Jansen Linkages A Review" and "The Optimization of 3D Printing Process Parameters and their Influence on Part Characteristic". Prof. Keval Bhavsar also presented a paper individually in the 2nd International Conference & Exposition in "Advances In Mechanical Engineering" (ICAME-2022) organized by College of Engineering, Pune entitled: "A Comparative Study of Kinematic Analysis Between Conventional Theo Jansen Mechanism and Modified Theo Jansen Mechanism developed using ABS for the development of Spyder Robot".

Utsav Yagnik

Prof. Utsav Yagnik from Department of Electrical Engineering, Aditya Silver Oak Institute of Technology, Silver Oak University has got recognition from NPTEL in the list of NPTEL BELIEVER (One of the 634 candidates out of which only 127 are faculty members) & NPTEL ENTHUSIAST (One of the 260 candidates out of which only 43 are faculty members) categories for January - April 2022 term.

He has even successfully completed a 12 week NPTEL course on "Education for Sustainable Development".
